

TECHNOGYM

AQUALAND

Aqualand bundle offers

Train at home like in the gym

To help you maintain a safe and professional training routine also at home, we have partnered with Technogym to offer you every athlete's favorite brand at reserved conditions.

Official supplier to 8 Olympic Games and winner of multiple design awards, Technogym is the world leading producer of fitness equipment.

Compact Solution

Technogym bench + Technogym Bike

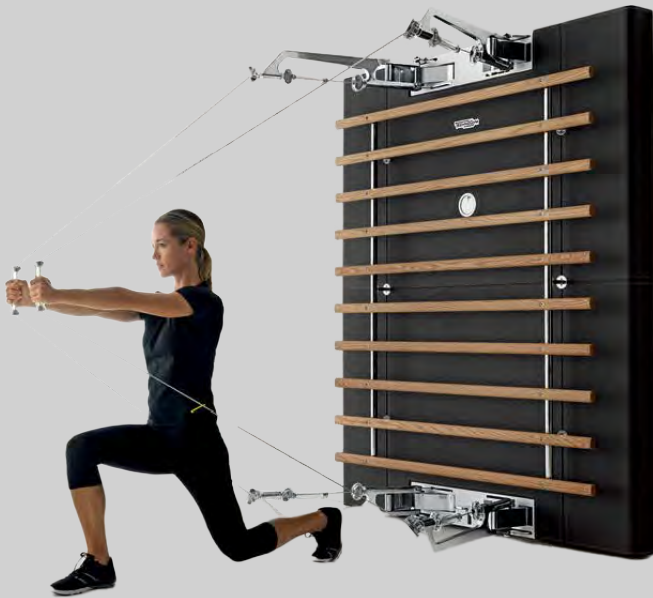

Perform the widest variety of total body exercises with hexagon dumbbells, resistance bands, weighted knuckles and training mat, all in a compact footprint.

Ride with the energy of the best trainers streamed live and on demand. Turn off your cardio session with strength exercises, which you can follow off the bike thanks to the rotating screen.

Luxury Solution

Kinesis + Bike Personal + Run Personal

Kinesis Personal is the ultimate piece of designer gym furniture for your home and wellness space. Perform hundreds of exercises to challenge your strength, flexibility, coordination and balance.

Bike Personal is an elegant and high-end exercise bike with a compact footprint and interactive content to give a personalised training experience everytime.

Combining cutting-edge technology and innovative materials, Run Personal incorporates a 21.5" wide screen and an integrated loudspeaker that lets you watch, listen and interact while training.

Luxury Solution

Unica + Bike Personal + Run Personal

Unica is the compact multi gym for strength training at home: complete, comfortable, and versatile, in just 16sqm. Unica gives you more than 25 different exercises to increase strength and tone.

Bike Personal is an elegant and high-end exercise bike with a compact footprint and interactive content to give a personalised training experience everytime.

Combining cutting-edge technology and innovative materials, Run Personal incorporates a 21.5" wide screen and an integrated loudspeaker that lets you watch, listen and interact while training.

Performance Solution

Technogym Bench + Technogym Ride

Perform the widest variety of total body exercises with hexagon dumbbells, resistance bands, weighted knuckles and training mat, all in a compact footprint.

Taking indoor cycling to new heights, Technogym Ride integrates your favourite training apps, on-demand coaches and outdoor routes, all in a smart display screen.

Performance Solution

Technogym Bench + Technogym Run

Perform the widest variety of total body exercises with hexagon dumbbells, resistance bands, weighted knuckles and training mat, all in a compact footprint.

Enjoy HIIT training? Technogym Run merges cardio and strength training in one. Choose from a range of programs and modes, or from the library of on-demand video workouts with trainer-led sessions, virtual outdoor workouts and more.
